 - You should be able to communicate in English or German, we suggest a level at either A2/B1 is desirable.
- 7. "Why do I need to attend the training?"**
 - According to our experience, untrained cleaners do simple mistakes because they don't know better. For instance, they get bad ratings in the beginning or don't know how to use the app properly. And especially bad ratings in the beginning of a job on an online platform is crucial due to the given transparency. Moreover, you have nothing to lose - the training is completely FREE!
